Agenda Items

Agenda #	Subject
1.	ADOPT A RESOLUTION OF THE SAN DIEGO COUNTY FLOOD CONTROL DISTRICT BOARD OF DIRECTORS TO SUMMARILY VACATE FLOWAGE EASEMENTS IN THE VICINITY OF LAKESIDE (VACATION NO. 2017-0303) [FUNDING SOURCE: A DEPOSIT FROM THE OWNER/APPLICANT]

1. SUBJECT: ADOPT A RESOLUTION OF THE SAN DIEGO COUNTY FLOOD CONTROL DISTRICT BOARD OF DIRECTORS TO SUMMARILY VACATE FLOWAGE EASEMENTS IN THE VICINITY OF LAKESIDE (VACATION NO. 2017-0303) (DISTRICT: 2)

OVERVIEW

The Department of General Services, Real Estate Services Division is processing a request from the owner of Assessor's Parcel Number (APN) 375-041-50 and 375-100-45 to summarily vacate the entirety of two existing flowage easements located between State Highway 67 and Moreno Avenue in the area of Lakeside. The vacations are necessary for the implementation of the East County Sand Mine Major Use Permit (MUP) approved by the San Diego County Planning Commission on July 14, 2017 (2). The easements were dedicated to and accepted by the San Diego County Flood Control District on Parcel Map No. 13894, recorded in the Office of the County Recorder of San Diego County on August 2, 1985 as file number 85-278358, and per a document recorded in the Office of the County Recorder on August 3, 1990 as document number 1990-426433 of official records. The flowage easements are no longer needed as the Federal Emergency Management Agency (FEMA) 100-year floodplain and floodway better reflect the current conditions and allow for more effective floodplain management of the land uses in this area that are subject to a 100-year flood event.

Today's request is to adopt a resolution to summarily vacate two flowage easements that are excess to the San Diego County Flood Control District's needs. There are no other public facilities located within the easements. Therefore, the flowage easements may be vacated pursuant to Streets and Highways Code section 8333(c) because they may be determined to be excess and are no longer necessary to be retained by the San Diego County Flood Control District.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Find that there are no changes in the flowage easement vacation, as dedicated in document 90-426433, or in the circumstances under which it is undertaken that involve significant new environmental impacts that were not considered in the previously adopted Mitigated Negative Declaration, dated June 30, 2017, that there is no substantial increase in the severity of identified significant effects, and that no new information of substantial importance has become available since the MND was prepared.
2. Find in accordance with section 15061(b)(3) of the California Environmental Quality Act (CEQA) Guidelines, that it can be seen with certainty that there is no possibility that the flowage easement vacation, as dedicated in file number 85-278358, may have a significant effect on the environment.
3. Adopt a Resolution entitled: RESOLUTION OF THE SAN DIEGO COUNTY FLOOD CONTROL DISTRICT BOARD OF DIRECTORS TO SUMMARILY VACATE FLOWAGE EASEMENTS IN THE VICINITY OF LAKESIDE (VACATION NO. 2017-0303).
4. Direct the Clerk of the Board to record the Resolution for Vacation No. 2017-0303 pursuant to Streets and Highways Code section 8336.

FISCAL IMPACT

Funds for this request are included in the Fiscal Year 2017-18 Operational Plan in the Department of General Services. If approved, this request will result in estimated costs and revenue of \$4,000 to process the proposed vacation. The funding source is a deposit from the owner/applicant. There will be no change in net General Fund cost and no additional staff years.
